

Community thoughts...

- 99 local skaters/riders and 153 non-rider/ community members responded to a public survey in support of a Corydon skatepark.
- Skateboarding was one of four new sports added to the Olympic program for 2020; it is also provisionally approved for the 2024 Summer Olympic games.
- Kids who skateboard have greater self-esteem.
- Corydon skatepark was designed with input from 99 skaters/riders.
- The skate park is needed for the youth of our community. It is long overdue.
- Looking forward to the skatepark becoming a reality. It will be a positive asset to Corydon, IN. And enjoyed by many.
- I think it's a great idea to get a skate park downtown. The more stuff we can add for kids and teens, the better!
- I want it to be available for bikers, skaters, and roller-skaters. I also think it would be cool if you could rent skateboards at the park, so people who didn't have boards could still skate for a small price.
- This skatepark will be an outlet for so many people, it will be a safe space to many. In a small town like this, everyone deserves a safe space. We've got coffee shops, regular parks, movie theatres, (and) hotels. It's time to provide an outlet for creative kids, adults, etc.
- I'm not a skater myself but many of my friends are. This skatepark would make kids feel more seen and it would be great for our community.

Corydon Skatepark SPONSORSHIP

About the Corydon Skatepark

Contracted by the **Town of Corydon**, Hunger Skateparks tackled the redevelopment of the former Gerdon Auto Property by designing a 8,000 square foot skatepark that features a multi-pocketed bowl and a long, tiered flow/street section. The design was inspired by the over 150 responses and comments in the community survey, public input meetings, and by the local skatepark advocates leading the charge who currently have to travel to the Louisville area to skate.

The skatepark site straddles the Little Indian Creek and expands the adjacent public park that includes a new pedestrian bridge, soft scape interactive playground, a recently restored WPA community building and a walking loop trail.

Hunger Skateparks is skateboarder owned and operated, and a full service concrete skatepark design and build company. Their designs are innovative, balanced, and engaging for all styles and levels of skateboarding. They utilize building techniques that ensure long-lasting parks with low long-term maintenance.

Hunger's approach to park designing and building involves a high level of collaboration in order to develop projects unique to the community it will serve. Hunger Skateparks highest aim is not to build parks that few have the ability to enjoy, but to create balanced and creative parks that inspire a large audience. A successful park is a well-used park.

Sponsorships & Fundraising

Funding for the \$350,000 Corydon Skatepark will be derived from a variety of sources including local community collaborations, grants, sponsorship sales, grassroots fundraising efforts and in-kind donations of property, materials and labor.

Park Naming Sponsor:	\$100,000
Finger Board Sponsor:	\$75,000
Signature Indiana Inlay :	\$ 50,000
Bowl Sponsor:	\$ 45,000
Tongue Curb Sponsor:	\$ 40,000
Transition Hip Sponsor:	\$ 35,000
Flat Rail Sponsor:	\$ 30,000
Banked Hubba Wall Sponsor:	\$ 25,000
Manny Combo Sponsor:	\$ 20,000
Bump to Rail Sponsor:	\$ 15,000
<i>First Harrison Bank Banked Hip Sponsor</i>	
Down Rail/Bump Rail Sponsor:	\$ 10,000
Mini Ramp/Flow Bowl Sponsor:	\$ 10,000
<i>Chamber of Commerce of Harrison County Endowment Sponsor</i>	
<i>Duke Energy Rain Garden Sponsor</i>	
Skatepark Spectator Benches :	\$ 2,500
Tree Sponsors (10 Available):	\$ 1,000

Additional Considerations

While the Town of Corydon has donated the former Gerdon Auto property as the site for the Corydon skatepark; funded the Hunger Skatepark s consultant and design work; and committed the technical assistance and site prep work that will be required there are still numerous opportunities to engage in making this project a reality. If sponsorship is not of interest maybe your business or organization has the ability to donate, or discount, materials, expertise and labor.

For more information on the sponsorships listed, or other opportunities to continue breathing new life into Historic Corydon through a project that will provide Harrison County youth and the young at heart, of varying skill levels and a variety of related sports, a safe community based park to skate, Contact Lisa Long, President of the Chamber of Commerce of Harrison County, at (812) 738-0120 or llong@harrisonchamber.org.

Checks and money orders should be made payable to the Harrison County Community Foundation. The Harrison County Community Foundation, a 501 C3 not-for-profit organization, is serving as the fiscal agent for the Corydon Skatepark Project. Sponsorships for the skatepark may be tax deductible, as no tangible benefit will be received, as a charitable contribution.

The Town of Corydon has committed that all contributions will specifically be spent on the Corydon Skatepark Project; property preparations; park greenspace and parking spaces; and its perpetual maintenance and care, as determined by the Town of Corydon.
