Chamber of Commerce
of Harrison County

CONNECTING OUR COMMUNITY

"In a community where we still receive calls wondering when the county is going to bring back a Keller Manufacturing with similar pay and benefits, it is our responsibility to support our members and the business environment and ensure that we are building a business-friendly environment."

We provide a strong voice to represent businesses.

- On two separate occasions, Harrison County attempted to enact zoning policies that would prevent agricultural businesses, like Tyson and Larry Day Farms, from growing and developing their businesses the Chamber of Commerce of Harrison County facilitated a public response and spoke up for the importance of the agricultural business community in Harrison County. Those zoning changes were defeated because the Chamber encourage Tyson and Larry Day Farms to financially illustrate their ongoing investments in our community via growing contracts, payrolls, local taxes, etc.
- Represented the business community and successfully defeated Planning and Zoning's attempted to change the zoning of the properties in the Harrison County Industrial Park without the input of the Chamber or business community.
- Worked with Planning and Zoning to permit Verizon Wireless cellphone tower in the industrial park.
- Continue to provide a voice for businesses to preserve, promote and protect a business-friendly environment to encourage the growth and development of businesses.
- Supported Harrison County joining Regional Development Authority.
- The only organization, other than another chamber, that can provide Certificates of Origin's (FREE for members) that are required for businesses to export their products outside the US. Five members need this service and would have to drive to the Indiana Chamber in Indianapolis to pay for the service.

We provide marketing, community information, and direct financial incentives to guide businesses strategic growth.

- Strengthened relationships and increased the local presence of the Southeast Indiana Small Business Development Center who works for/with the Chamber and HCEDC to ensure businesses have market data supporting the business initiatives, assist with business plans, marketing plans, etc. ensuring business success.
- Facilitates strategic planning for small businesses and nonprofit organizations in Harrison County. The Chamber's strategic planning with Harrison County Lifelong Learning helped change the trajectory of that organization and helped grow the programs offered.
- Lead the Community Entrepreneurship Initiative in Harrison County. The CEI resulted in the restructuring of the HCEDC small business loan fund to make it easier and more attractive for small businesses to apply for and awarded loan funds; it increased business community engagement in the broadband internet infrastructure solution. The reorganized small business loan fund provided \$400,000 in loans to businesses that would otherwise not be here in Harrison County. The additional partners in expanding broadband helped lay the groundwork for the Mainstream Fiber backbone projects.
- The Chamber of Commerce collaborated with Mainstreet Corydon and the Harrison County Community Foundation to participate in the Hometown Collaboration Initiative (HCI). The end result was the redevelopment of the municipal parking lot that is now Bicentennial Park. The Chamber purchased the former laundromat property (\$54,045.68) and Butchie Stilger's vacant lot (\$20,000) to facilitate the construction of Bicentennial Park. Donated an additional \$70,000 toward the construction, plus coordinated the brick/paver fundraiser and all the sponsorships that helped raise nearly \$900,000 for the project.
- The development of Bi-Centennial Park and the HCI process lead to the purchase and redevelopment of the JJ Bulleit Building and the Emmett Beanblossom buildings.
- Supported the Town of Corydon's application for Stellar Communities.
- Donated \$10,000 to Genesis House to make that project a reality.
- Partnered with other developers and HCEDC to build Pacer Drive, providing access to property located across from the hospital/behind Walmart. \$90,000 +
- Provided \$161,000 in direct business development incentives for industrial park development

- Coordinated collaboration with HCCF and HC Government to develop COVID-19 small business loan program and raised a combined \$400,000 that was available for loans (not all funds were applied for and loaned).
- Collaborated with HCCF to commission Broadband Internet Infrastructure Deployment Plan with an investment of \$42,500 (\$85,000 total project cost).
- Provided \$28,000 in direct financing for broadband internet projects that provided services to businesses and homes in HC.
- Contracted with Kensington Group \$16,600 (end of 2013) for data mining and surveying of Harrison County to illustrate that lack of broadband was an actual problem and not just perceived.

We Provide Resources for Employee Growth, Business Training, and Education Initiatives.

- Offered numerous QuickBooks training courses for our members and the business community.
- Offered various Facebook and social media training courses.
- Supported Harrison County Lifelong Learning with \$6,500 in direct sponsorships of new programming.
- Cosponsored political candidate training workshop with Leadership Southern Indiana.
- Taught Junior Achievement Finance/Economics Classes to North Harrison, Corydon Central and South Central students.
- Sponsored Align Southern Indiana education, daycare training and regional initiatives \$22,500.
- Provided \$2,250 to the Lincoln Heritage Council Boy Scouts of America.
- Provided \$20,000 in support to the three school corporations combined in recognition of their educators and special programs. Plus, provides a minimum of four (4) \$1,000 scholarships to graduating seniors each year.

Additional Initiatives/Business Support Programs we provide.

- Provided financial support (and board leadership and taught classes) of Leadership Harrison County \$15,000 + (figure only includes sponsorship/donations since 2008). In addition, provided complimentary office space and storage.
- Provided \$4,000+ in sponsorship to Main Street Corydon, as well as 5+ years of complimentary office space, receptionist services, storage and office supplies/equipment.
- Provided \$15,000 to Indiana Bicentennial Committee.
- Weekly e-newsletter (400 + email contacts) and social media (1,800 + connections) access for members to promote their businesses, events, and newsworthy announcements.
- Provide numerous marketing, sponsorship opportunities and discounted advertising rates in our annual membership/business directory.
- Members received free listing on the Chamber website and in the annual magazine/directory "This is Harrison County."
- Member celebrations: Ribbon cuttings, grand opening and anniversary celebrations for members.
- Power of the Purse, women to women networking and celebration. Annual golf outing/networking. Business after hours and speed networking. Annual meeting networking.
- Business referrals, chamber member gift certificate program (Chamber Bucks), chamber member discount programs.
- Discounts on Auto Owners insurance policies; ClearPath Mutual workers' compensation chamber member discount program; health insurance discount programs.

Visibility, credibility, and support.

- When consumers know that a business is a member of the local chamber, they are 44% more likely to think favorably about it.
- Consumers are 51% more likely aware of and 57% more likely to think positively about a business that is a chamber member
- Consumers are 63% more likely to buy goods/services from a company is a member of the local chamber of commerce.
- Business decision-makers are 37% more likely to think favorably of a business, 51% more likely to be highly aware of it, 58% more likely to think positively of its local reputation, and 59% more likely to buy goods and services from a Chamber member.
- Regarding the chamber's impact on the local economy, 82% of respondents believe the local chamber of commerce helps create jobs and promotes local economic development.
- Positive perception increases among consumers and business owners if a business is a member of the local chamber.

Explore

When it's time to put the cell phone down, turn off the computer and get back to the great outdoors, then Explore Outdoor Adventures in historic downtown Corydon located at 121 East Chestnut Street is your destination spot to help you get out and enjoy life again.

Originally from the Jersey Shore, family obligations relocated Michael and Vicki Keenan to Corydon a few years ago, and the couple quickly fell in love with this historic town. After living in Corydon for a while, they felt led to fill an unmet need in the downtown area and knew they could use their natural gifts and talents to

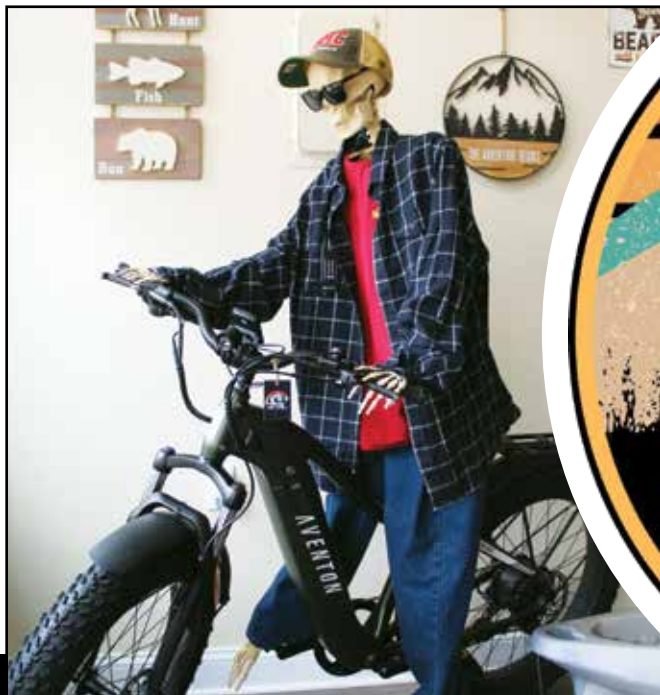

do just that. Downtown Corydon had never had a store quite like the one they envisioned. After some thought, and planning, Explore Outdoor Adventures was launched in September 2023. Joining them in this venture is their Aunt Lynn, a Corydon resident who also was raised in New Jersey.

"We wanted to bring in something different. Our brands are brands you won't find in Walmart or Tractor Supply." Some of the items you can find here are E-Bikes from Aventon, E-Scooters from Fat Bear, Kayaks from Brooklyn Kayak Company and NuCanoe. As soon as you walk in the front door of the store, you are greeted by a cute Skelton couple, both perched on an E-Bike and E-Scooter dressed in some of the stores comfy clothing!

"We're different. We sell items that may be a little pricier, but we give a better warranty or it's just a better quality item all the way around. We try to make sure that when you leave the store, you have items that are durable and reliable."

"Many of our families come from military backgrounds, so we offer a 10% discount to all active and military veterans. It's our way of honoring our history and supporting those who defend our great country."

In addition to E-Bikes, E-Scooters, and Kayaks, Explore Outdoor Adventures is an authorized DGA (Disc Golf of America) retailer. You can purchase all your Disc Golf needs at the shop. (And now be able to play at the new Disc Golf

THE GREAT *Outdoors*

course opening in Corydon)

Rugged Road Coolers are unlike anything else on the market. Coming in less than half the weight of the competition, they are the only ultra-light, incredibly durable high-performance cooler with extreme ice retention, AND the ability to Float Upright!

Supporting the skateboarding lifestyle here in Corydon, Explore Outdoor Adventures offers skate decks and completes from such brands as Baker, Element, Zero Skateboards, Powell, Anti Hero, Tony Hawk (Birdhouse) and more.

You can find such brands as Salt Life, Simply Southern, Life is Good, Old Guys Rule, Southern Attitude, and more. They sell graphic tees, leggings with pockets, ponchos, jackets, backpacks, drinkware, hoodies and more.

Vicki and Michael feel strongly about supporting other local businesses and artisans, so they carry some gorgeous wooden cutting boards, coasters, chess sets, tables and more from Owen Woodworks. Can't make up your mind, Vicki and

HARRISON COUNTY PUBLIC LIBRARY

Endless discoveries available at HCPL

Explore, play, learn, and bake! Library of Things

Your HCPL card grants access to the library's continually-growing collection of Things! From Adventure backpacks, jigsaw puzzles, cake and muffin pans and LovEvery boxes, HCPL's Library of Things offers something for everyone.

Access ALL of HCPL from anywhere

The Harrison County Public Library app neatly packs all of HCPL's physical and digital collections, youth, teen & adult activities calendars, eResources and more into your phone or tablet.

HCPL offers hundreds of thousands of eBooks and eAudio books ready to download through Libby and hoopla. Libby offers thousands of eBooks and eAudio books; hoopla additionally offers movies, television shows, music and more.

The HCPL app, Libby & hoopla are available to download in the App Store and Google Play.

Unleash your creativity in the Makerspace

Located in the Lanesville branch of HCPL, the makerspace provides a variety of tools, equipment and staff to enable makers to forge and fabricate to their hearts' desire! Refer to the special article in this issue of This is Harrison County for more details!

Michael have created a great gift box with an assortment of items that will make anyone happy.

You can find home décor that fits perfectly into the outdoor lover's theme from Holiday handmade ornaments created for the shop by Bourbon Woodworks, to beautiful one of kind handmade custom wreaths by Vicki.

The high level of customer service is another reason why so many customers return to the shop to see what's new. The shop "morphs" every 2 weeks, highlighting new fresh items for you to purchase.

The Keenan's traded in the East Coast boardwalks and the ocean for Southern Indiana rivers, lakes, and new adventures. Vicki and Michael say they couldn't be happier!

1. Offer is available on Cashback Checking and High Interest Checking accounts only. To qualify for this offer, you must qualify for Membership with Centra. You will have 90 days from the date you open your checking account to complete qualifying activities to earn an incentive. All earned incentives will be deposited into your Member Loyalty Account within 30 days after the 90-day qualification period. 2. To earn the \$50 incentive, you must have signed up for electronic statements (eStatements) and received \$300.00 or more in direct deposits into your new checking account within the qualification period. Electronic statement enrollment requires an active digital banking login. 3. You can earn the \$100 incentive by meeting the qualifications for the \$50 incentive and also completing one of the following: opening a new loan or line of credit of at least \$10,000.00, or increasing the average monthly balance in your Centra checking and savings accounts by at least \$10,000.00. The final average monthly balance will be measured on the last day of the month in which the qualification period ends, and then compared to the month-to-date average balance on the day before the new checking account was opened. 4. You can earn the \$150 incentive by meeting the qualifications for the \$100 incentive and also meeting with a Centra Financial Services (CFS) representative to discuss your financial needs. You are not obligated to open any new accounts or services with CFS to earn your incentive. CFS is not insured by NCUA. 5. Member Loyalty Account balances up to \$40,000 have an Annual Percentage Yield (APY) of 4.76% and balances \$40,000.01 and greater have an APY of 4.50%.

Harrison County Community Foundation (HCCF) received grant funding through a GIFT VIII (Giving Indiana Funds for Tomorrow) Planning Grant from Lilly Endowment Inc.

Grant funds were used to determine the Top 10 Priorities for Harrison County through Vision Project 2024. This initiative involved two Idea Exchanges with community leaders and a digital and print public survey that provided an opportunity for the community to rate a list of priorities.

Over 1,800 people completed the survey. Using these results as well as their own expertise and perspective, convened leaders at the Idea Exchanges worked collaboratively to determine the Top 10 Priorities for the community. These priorities will guide future grant opportunities, leverage outside funding, and encourage collaborations on future community projects.

Vision Project 2024 provides the groundwork to bring partners together to make Harrison County even better in the future.

SHINING A LIGHT

Why Now is the Perfect Time to Go Solar with EightTwenty

As the world grapples with escalating energy costs, technological advancements, and a push for sustainable solutions, there has never been a better time to embrace solar energy. Technological improvements have made solar panels more efficient than ever, while large federal-backed tax incentives make the switch to solar increasingly affordable. Coupled with the rising cost of

electricity, the choice to go solar is becoming more compelling by the day. Enter EightTwenty, a distinguished name in the solar industry, offering comprehensive solutions that blend technical expertise with financial acumen for areas in Indiana, Kentucky, Oklahoma, Arkansas, and northeast Texas.

EightTwenty's core offerings include a range of products and ser-

vices designed to address the needs of both commercial and residential customers in the greater Harrison County area. These offerings include rooftop installations, solar carports, custom solar structures, solar area lighting, commercial and residential EV charging stations, and battery storage, providing comprehensive solutions for diverse energy needs.

HIT ON SOLAR:

A ONE-STOP SOLAR SHOP

EightTwenty's approach is unique, blending in-house technical prowess with financial expertise to create comprehensive solutions. In-house energy modeling capabilities play a crucial role, accurately forecasting your specific energy production and savings, allowing clients to receive systems tailored to maximize savings and return on investment. With in-house master electricians and NABCEP-certified professionals, including those certified in PV Installation Profession-

al (PVIP) and PV Design Specialist (PVDS), EightTwenty ensures that solar solutions are designed and implemented to the highest standards.

Additionally, EightTwenty's team includes certified architects who seamlessly integrate solar installations into new and existing structures, enhancing both functionality and aesthetics. Structural engineers certified by the Structural Engineering Institute (SEI) ensure that each installation is structurally sound, providing long-lasting, safe solar solutions.

FINANCIAL SERVICES AND INDUSTRY-LEADING GUARANTEES

EightTwenty's comprehensive financial services guide clients through available tax incentives and financing options for solar energy. In-house financial modeling and analysis provide clients with a clear understanding of their investments, allowing for informed decision-making that optimizes long-term savings. The company's solar tax credit experts and certified public accountants offer comprehensive

support, helping clients navigate federal and state tax credits and incentives to maximize available benefits.

“We strive to be more than a solar installer,” explains Tony Capucille, CEO and Founder of EightTwenty. “By bringing together a team of experts from various fields, we offer our clients a comprehensive, holistic approach to solar energy. Our goal is to ensure that every client has the tools and support needed to achieve energy independence and impactful utility savings for decades to come.”

EightTwenty has implemented successful solutions for various commercial customers, including Devon Energy, Atwoods, Eckart Supply, Cardinal Carryor, Pella Windows & Doors, Simple Modern, and Advanced ENT. The company’s services extend throughout its regional presence in Kentucky and Indiana.

To support its clients further, EightTwenty offers industry-leading warranties and guarantees. The company’s performance guarantee ensures modules are warranted to perform for over 30 years. The product warranty covers materials

installed, guaranteeing they are free from defects and that the majority are all-encompassing for 25 years. EightTwenty also provides a craftsmanship guarantee, guaranteeing the work performed during an installation for a period of 10 years.

CONCLUSION

In today’s climate, going solar is a financially and environmentally sound decision. The advances in solar technology, along with sub-

stantial tax incentives, have made this transition more accessible and attractive than ever. EightTwenty’s comprehensive approach makes it the perfect resource for those looking to go solar, whether for a business, home, or nonprofit. The company’s unique blend of technical and financial expertise enables it to serve diverse clients, empowering them to embrace solar energy and achieve energy independence. For more information, visit EightTwenty’s website.

For DMLO clients, the future is now.

DMLO clients are doers.

They make things, build things, provide essential services.
And they make our community better.

Our mission is collaborating with our clients to create a better future, for them, for their people and for our community.

CREATE A BETTER FUTURE.

MAKING DREAMS A REALITY

Individuals were not paid for their endorsement. Loans are subject to credit approval. Restrictions and limitations may apply.

Twenty plus years ago, we started building our dream of having our own business in sales and distribution for the construction industry. We built the business slow and steady until it was time to expand on this dream and start manufacturing one of the main products, reflective bubble insulation. With our family on board and supporting us, we met with Doug Pearson from First Savings Bank and knew this expansion dream could become a reality. Doug made the process of obtaining capital needed to begin this project straightforward and seamless. Doug was with us every step of the way and since then, Simco of Southern Indiana and First Savings Bank have partnered in additional business expansions and business opportunities.

CHANGES AT FIRST HARRISON BANK

- AND THEY START AT THE TOP -

In April 2023, Chris Frederick succeeded Bill Harrod as President/CEO of First Harrison Bank.

A Corydon native, Frederick is a graduate of Corydon Central High School and Indiana University's Kelley School of Business. He has been with First Harrison for 34 years, including the last 26 as Chief Financial Officer. He also served as the Board Chair for the Harrison County Chamber of Commerce. Chris and his wife, Kim, currently reside in Georgetown. They have two children: daughter Taylor Tenfelde of Lexington, Kentucky, and son Mitchell Frederick of Cannelburg, Indiana.

Chris' career began with First Federal Bank, a one-location Corydon institution that later merged with Harrison County Bank to create First Harrison Bank. Chris says his biggest career accomplishment has

been working to navigate the changes of starting as a single-office, mutually owned savings and loan with about \$40 million in assets to the

First Harrison we know today, a publicly traded, \$1 billion bank with 18 locations across five counties and two states. He said it has been challenging and rewarding.

Chris said he absolutely loves it "when I'm out in one of our communities wearing our logo shirt, and someone approaches me expressing thanks for our support of their organization or event. Many times, I have been told an event may not have happened without our support." First Harrison actively supports communities it serves, including Relay for Life, Toys for Tots, Personal Counseling Services, Boys & Girls Club, Turnaround Center, Origin Park, all area schools and many more.

Chris stated that mobile banking has brought incredible change to the industry. Society has moved to around-the-clock access and information. The concept of waiting until the end of the month to see your account information is not going to fly with today's customers who want complete control of their financial services.

To meet those consumer demands, First Harrison has expanded its digital banking via the Banking Butler® Digital Banking with features including:

- Bill Pay - scheduling online payments
- CardSwap - enabling recurring payments to transfer to newly-issued cards
- CardValet - a debit card fraud mit-

KEEP IT EASY. KEEP IT LOCAL.

igation tool with on/off capabilities

- Cinch Deposits – mobile check deposits to personal or business accounts
- FirstHarrison+ – putting accounts from different institutions all in one place
- Mobile Wallet – enabling Apple Pay, Google Pay, and Samsung Pay on your First Harrison Debit Mastercard®.

“MANY TIMES, I HAVE BEEN TOLD AN EVENT MAY NOT HAVE HAPPENED WITHOUT OUR SUPPORT.”

Another recent improvement is the First Harrison Debit Mastercard®, which provides benefits including theft protections, possible AAdvantage® miles for everyday purchases, quarterly prizes, purchase price round-up deposited to a savings account, click-to-pay, extended warranties, and more.

Assuming the role of CFO vacated by Frederick is Joshua Stevens.

Stevens, a Floyds Knobs native and a graduate of Indiana University’s Kelley School of Business, earned his CPA in December 2010. He has provided audit, tax, compliance, and consulting services to Indiana and Kentucky financial institutions from 2009 through July 2022 and currently serves as Treasurer for Habitat for Humanity in Clark and Floyd Counties.

Josh and his wife, Heather, married in 2011 and reside in New Albany. They enjoy hiking at Mt. Saint Francis, O’Bannon Woods, and Brown County.

Other recent promotions and additions included Joe Mahuron, Chief Credit Officer; Jennifer Meredith, Human Resources Director; Jennifer Incantalupo, Chief Information Officer; Jeff Hayes, Director of Business Development; Matt Schneider, Director of Consumer Lending; Dena Bahe, Director of Loan Operations and Angie Jett, Chief Operations Officer.

The financial industry is constantly changing and evolving, but with Chris Frederick at the helm, you can count on continued improvements at First Harrison for the foreseeable future.

Spark of Innovation:

UNLEASHING CREATIVITY IN THE HCPL MAKERSPACE

Opening to the public on December 2, 2023, the makerspace stays abuzz with activity, both regulars and new users gathering in the space weekly. Located in the Lanesville branch of Harrison County Public Library, the space offers a wide array of equipment through which one can let their creative juices flow. HCPL Makerspace Specialist Heather Wyss and HCPL Systems Administrator Trevor Smith, who are both veteran makers and jacks-of-all-trades, ensure that the space runs smoothly by offering training, advice and friendly assistance.

“The makerspace is a great place to get creative!”, said Wyss. “Whether your project is practical or fun, we have all kinds of machines and equipment for you to try out.” Before jumping in with both feet, creators must make an initial training appointment for their desired equipment at hcpl.lib.in.us, selecting Makerspace. Though no membership is required, makerspace users are encouraged to get a library card. After completing the training session, makers are encouraged to work on equipment independently

The makerspace offers the following for public use:

- Epilog Laser cutter and engraver
- Brother 6-needle embroidery machine
- Roland large-format printer (banners, stickers, and large photos)
- BambuLabs Carbon (filament) FDM 3D printer
- Elegoo Saturn SLA (resin) 3D printer
- Cricut Explore Air 2
- Brother sewing machine
 - Brother Serger
 - Elgato VHS Digitizer
- ION Tape Express Tape-to-MP3 Converter
- Eyesen 8mm / Super8 Film Digitizer

– but HCPL staff are happy to help when it is needed!

While visiting the Lanesville branch, be sure to browse through the Lucky Day collection. Lucky Day shelves hold popular titles that are available only at Lanesville – no holds, no waiting! The titles rotate over the course of the year, and are available for a 21-day loan period. Keep apprised of all happenings at Harrison County Public Library by following Library News at hcpl.lib.in.us. Don't forget to like and follow Harrison County Public Library on Facebook and Instagram, where the library frequently posts upcoming HCPL activities for all ages, as well as significant library updates.

Add the app! From the Harrison County Public Library app, one can manage their library account, search the HCPL catalog for all physical and digital titles, place holds, renew items, access all HCPL eResources and more. The Harrison County Public Library app, Libby by OverDrive, and hoopla are available to download from both the App Store and Google Play.

Check out items from HCPL's Library of Things:

- cake pans and molds
 - muffin tins
 - jigsaw puzzles
- Adventure Packs, backpacks that each contains a field nature guide, binoculars, and a magnifying glass—perfect for exploring nature
- LovEvery boxes that contain Montessori-inspired learning toys for babies and children up to age 5
- Special Olympics Young Athletes packs, backpack kits that give families and caregivers information and equipment for fun activities to encourage physical activity that helps children of all abilities with their cognitive and physical development.

WKLO 96.9:

The original and true country music station

Not only are we the original and only truly Classic Country station in the market, but our staff focuses on local news, local weather and Corydon and North Harrison High School Sports. Not to mention our extensive marketing and radio experience sets us apart. We specialize in creating custom campaigns for business clients designed for results. Our motto is “Keeping Our Communities Connected” and we do that through our programming, our people, and of course our listeners and helping our advertisers reach their marketing goals. Being locally owned and operated allows us the freedom to be the difference for those community connections in Southern Indiana.

We’ve aired “The Breakfast Broadcast with Kelly Trask” for years which features local businesses and nonprofits each Friday from 6am-9am and is the only show of its type in Southern Indiana. Episodes are featured as a podcast on our website giving guests the chance to hear their interviews. Also, we air community events at no charge, we offer chamber member discounts for advertising, and we can include digital marketing as well. We specialize in promotions, fun ideas, and advertising for results. We are locally owned and operated.

Our station is here for everyone. Our coverage area for Harrison County and beyond is unmatched and our commitment for local programming includes investing in high school sports coverage for Corydon and North Harrison High School Sports. We love what we do, why we do it and who we do it for, all the listeners in Harrison County and beyond in our coverage of Southern Indiana. Not only do we stream online, but you can find us on Alexa and our new app is coming soon. We’ve invested in the latest technology to give the listener the best experience. From

**FUN
FACT!**

THE WKLO CALL LETTERS HAVE BEEN AROUND SINCE THE LATE 40S AND WKLO ORIGINATED AS A LOUISVILLE STATION. DIAMOND SHORES BROADCASTING, LLC TOOK OVER THE OPERATIONS OF WKLO IN LATE 2005 AND IN 2022 PURCHASED THE STATION.

an advertiser perspective, our marketing staff including Kelly Trask, Deana Carl, Hallie Stuckwisch, Jerry Wall, Peg Franz and Lynn Goodman bring decades of radio marketing experience giving the most affordable advertising options for Southern Indiana. We are truly unique in that and super proud. Our complete full-service digital marketing product offerings gives us the complete package for advertisers in Southern Indiana.

We consistently hear how much listeners love our format and that we play the music no other station plays in the area. From an advertiser perspective, we recently aired a Friday Breakfast Broadcast spotlight for a client who attributed us with bringing at least 1000 extra people to their event directly as a result of that broadcast exposure. One of the best comments was, "Wow, I cannot believe the amount of people that told me they heard my ad on the radio." That's why we do what we do. Radio

gets results when used correctly.

We love to feature local. Local events, local news, local people, local community news, local nonprofits, and more. Email us at info@wklo969.com and we would love to help! We are the station serving Harrison County and Southern Indiana.

Tourism in Harrison County:

A THRIVING

INDUSTRY

An aerial photograph of a rolling forested hillside. The trees are in various shades of green, yellow, and orange, suggesting autumn. A paved road with yellow lane markings winds through the lower left portion of the image. The sky above is a mix of blue, purple, and orange, indicating a sunset or sunrise. The word 'INDUSTRY' is overlaid in large, white, serif capital letters across the top of the image.

Nestled in the rolling hills of Southern Indiana, Harrison County is a tourism hotspot, blending rich history and natural beauty. With visitors eager to explore its unique attractions, the county hosts thousands of out-of-town visitors that boost the local economy and enhance the community's vibrancy. Harrison County is steeped in history, being home to Corydon, Indiana's first state capital. These historical sites create a dynamic array of cultural heritage that captivates visitors. The county's natural landscape is another significant lure. O'Bannon Woods State Park and the Harrison County Parks system offer several outdoor activities including hiking, camping, and swimming. The new Possibility Playground at Hayswood Nature Reserve is proving to be one of Harrison County's newest successful attractions as well. Caesar's Southern Indiana continues to be a driving force in Harrison County tourism, with its state-of-the-art casino, restaurants, and hotel. The Blue River, which winds its way through the county, is perfect for canoeing and kayaking, providing both adventure and tranquility. Nature enthusiasts are also drawn to the Squire Boone Caverns and Indiana Caverns, where they can explore stunning underground formations and learn about the region's geological history.

Community spirit shines brightly in Harrison County through its numerous festivals and events that draw crowds year-round. Numerous events showcase agricultural heritage, entertainment, and family-friendly activities.

Economic Impact and Future Growth

The thriving tourism industry in Harrison County is more than just a boon for local businesses; it is a crucial driver of economic growth. Increased visitor spending supports a wide range of sectors, from hospitality and retail to entertainment and transportation. This influx of revenue helps sustain jobs and fosters further investment in infrastructure and community projects. The Harrison County Convention and Visitors Bureau plays a pivotal role in promoting these attractions and supporting local businesses to capitalize on tourism opportunities.

This is *discovery*

Whether it's strolling down the sidewalks of a uniquely Indiana town, or planning an outdoor adventure, there's no better place to enjoy the magic of fall than Corydon and Harrison County, Indiana.

To learn more, visit ThisIsIndiana.org

Looking ahead, Harrison County is poised for continued growth in tourism. Strategic initiatives aimed at marketing the county's unique attractions, enhancing visitor experiences, and expanding event offerings are set to attract even more tourists. Collaborations with regional tourism groups and leveraging digital marketing are part of a comprehensive approach to boost visibility and engagement.

Harrison County, Indiana is thriving as a tourism destination. The sustained efforts of the community and local businesses ensure that this growth will continue, benefiting residents and visitors alike. As more people discover the treasures of Harrison County, it stands out as a shining example of how tourism can transform and invigorate a community.

Lucas Oil Opens New **State-of-the-Art** Grease Plant in Harrison County

Exciting developments are unfolding in Corydon as Lucas Oil is addressing a critical industry grease shortage from right here in Harrison County. Lucas Oil has made a significant expansion to its Corydon production facility which includes a 25,000 square foot new grease plant, expanding the company's industry-leading lubricant and additive manufacturing capabilities and underscoring its ongoing commitment to growth and economic development within Indiana and beyond.

For more than 35 years, Lucas has set the world standard in superior engine oils, additives, appearance and lubricant products – powering lifestyles across the automotive,

trucking, marine, outdoor, motor-sports, industrial and home product worlds. With its headquarters in Indianapolis, and all manufacturing in Harrison County, Lucas Oil continues to expand its solutions and capabilities.

ADDRESSING A NATIONAL SHORTAGE FROM RIGHT HERE AT HOME

The new production area is a significant investment in the local economy and comes at a crucial time. It addresses critical supply needs amplified by a national grease shortage - lingering consequences of the pandemic and supply chain disruption. This shortage has se-

verely impacted a number of critical industries, including manufacturing, construction, transportation, and automotive, all of which are vital to both regional and national economies.

ADVANCED MANUFACTURING IN CORYDON

Lucas Oil's new installation is housed within their existing 400,000 square foot Corydon facility, a cutting-edge, ISO-certified research and development lab with sophisticated blending and production lines. The new facility is specifically designed to produce Lucas Oil's signature greases: Red 'N' Tacky, X-Tra Heavy Duty, and Marine.

The ISO-certified laboratory not only spearheads the innovation behind new products but also manages quality control for all items produced at the Corydon manufacturing sites - ensuring that Lucas Oil remains synonymous with excellence in the lubrication industry and all from right here in our community.

"The enthusiastic market response to our new grease production capability is truly gratifying and reaffirms the demand for high-quality lubricants that consumers can rely on to protect their equipment," said Morgan Lucas, CEO of Lucas Oil. "Choosing to innovate and produce our top-tier commercial and industrial greases from Harrison County was an easy decision. This is the perfect place to invest in growth and development, allowing our incredible team to test and manufacture products that are unparalleled in the market."

A MILESTONE FOR LUCAS OIL AND HARRISON COUNTY

The new plant is part of Lucas Oil's strategic response to meet the lubrication needs of both commercial and consumer sectors now and in the future. By bringing grease production to the Corydon facility, Lucas Oil aims to restore reliable access to essential and superior quality grease products, ensuring that industries critical to national infrastructure and daily operations are adequately supported.

"Producing our first batch of grease in-house was a milestone moment for us," Lucas added. "It's a significant step forward in our production capabilities and paves the way for future growth in both bulk and specialized product lines. We are incredibly excited about this opportunity for growth and creating new products that perform better than anything else out there. It's tremendous and what Lucas Oil is all about."

CELEBRATING OVER THREE DECADES OF INNOVATION - AND COUNTING

Since its inception, Lucas Oil has been at the forefront of the lubrication industry. The company is re-

nowned for its high-performance and reliable products and also its involvement in motorsports, which has been a significant avenue for research and development, allowing Lucas Oil to test and demonstrate the efficacy of its products under demanding conditions.

The addition of grease manufacturing to the Corydon facility is the next chapter in a continuing legacy of ongoing innovation, solutions-based problem solving and community partnership that began over three decades ago with a simple mission -

to produce the very best lubrication products on the market.

The new grease plant officially began operations with a ribbon-cutting ceremony on June 18, marking a significant milestone for Lucas Oil and a boost for the Harrison County community. With this expansion, Lucas Oil is solving immediate industry needs and further solidifying its role as a world leader and distributor of high-performance automotive additives and lubricants.

THREE TIMES THE IMPACT

Multiply Your Donation with Matching Funds

Unlock the power of giving with Lilly Endowment Inc.'s generous 2:1 match, combined with Harrison County Community Foundation's (HCCF) 1:1 match, to create a remarkable 3:1 match for Builder's Funds.

Builder's Funds are endowment funds not designated for a specific purpose, but utilized for the most pressing community needs of the future as they arise as determined by the HCCF Board of Directors.

This exceptional opportunity is part of Lilly Endowment Inc.'s Giving Indiana Funds for Tomorrow (GIFT VIII) initiative, designed to empower Indiana community foundations.

With Lilly Endowment Inc.'s 2:1 match and HCCF's 1:1 match currently in place, this is a 3:1 match for Builder's Funds until December 2025 or until matching funds are exhausted.

Building our future together

First Savings Bank names Doug York, CPA Chairman of the Board

Jeffersonville, Indiana based First Savings Bank (the “Bank”), a wholly owned subsidiary of First Savings Financial Group, Inc. (NASDAQ: FSFG) (the “Company”), is

pleased to announce the appointment of Douglas A. York, CPA as Chairman of the Bank’s Board of Directors. Mr. York is currently Director of DMLO, a public accounting firm, and has been a director of FSFG and the Bank since 2008. Mr. York is an experienced certified public accountant practicing primarily within the region in which the Company conducts its business. His extensive background in finance qualifies him as a financial expert and he also serves as Chair of First Savings Bank’s Audit Committee. Commenting on Mr. York’s appointment, President & CEO, Larry Myers stated, “Doug York has been an invaluable member of both the Bank and the

Company Board of Directors since 2008. His expertise and leadership have played an integral role in the growth and advancement of First Savings and FSFG. We thank

him for his time and service to the boards and as Audit Committee Chair and we look forward to the continued success of the Bank under his guidance as Chairman.”

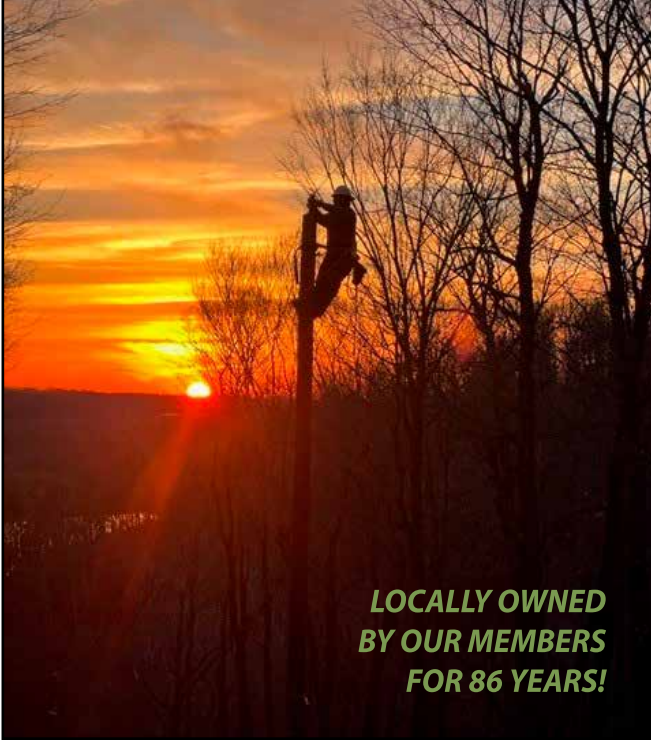

First Savings Bank is an entrepreneurial community bank headquartered in Jeffersonville, Indiana, which is directly across the river from Louisville, Kentucky, and operates fifteen depository branches within southern Indiana. The Bank also has three national lending programs, including single-tenant net lease commercial real estate, SBA lending and first lien home equity lines of credit, with offices located throughout the United States. First Savings is a recognized leader, both in its local communities and nationally for its lending programs. The employees of First Savings strive daily to achieve the organization’s vision, We Expect To Be The

BEST community BANK, which fuels our success. The Company’s common shares trade on The NASDAQ Stock Market under the symbol “FSFG.”

An advertisement for Areva Pharmaceuticals. The background features a white grid of interconnected hexagons, resembling a molecular structure. At the top left, the word "Areva" is written in a large, bold, red font. Below it, the tagline "A Wholesome Approach to Healthcare" is written in a smaller, black font. To the right of the "Areva" logo is a red wavy graphic. In the top right corner, there are two logos: the NABP Accredited Drug Distributor logo and the National Minority Supplier Development Council logo. The main text of the ad is centered and reads: "Areva Pharmaceuticals is proud to be collaborating with the FDA to help steady the supply of Fludarabine and Bupivaccaine, two drugs currently facing shortages nationwide." Below this, it says: "Areva Pharmaceuticals is also looking forward to continued expansion and building ourselves within the community of Georgetown, Indiana." At the bottom, it asks "Want to see more news about Areva?" and provides the website "arevapharma.com". At the very bottom, it lists contact information: "customerservice@arevapharma.com | 855-853-4760 | follow us on LinkedIn".

Kim is *Living Proof*

Treated for cancer at
Baptist Health Louisville and
Baptist Health Floyd in 2017.

• Celebrated her
wedding anniversary
on a Caribbean cruise.

To find out why more people have chosen Baptist Health for treatment of breast, colon and lung cancer than any other health system in Kentucky and Southern Indiana, visit BaptistHealth.com/CancerCare.
